EARPHONE OUT	1
MICROPHONE IN	1
WARRANTY	1 Year

BENEFITS

You can use the PC software you are already used to, and your IT department may manage updates remotely over the network, or on a device by device basis. Maintenance is a breeze, as the PC module can be removed for service or swapped without affecting the RevTouch panel's built-in capabilities to facilitate classroom learning or business collaboration.

WIFI MODULE (COMES INCLUDED WITH ALL REVTOUCH DISPLAYS)

FEATURES:

- WiFi USB device allows you to connect wirelessly to local devices.
- 802.11ac standard can transmit up to 433Mbps.
- Dual 2.4 / 5Ghz bands permit you to choose the fastest, least congested WiFi network at your location.
- Bluetooth 4.0 permits the highest speed pairing direct between RevTouch interactive panels and your device.
