

# REVOUCH FIRMWARE UPDATE PROCEDURE

## Upgrade All (TV & MCU)

### 1. Debug Menu Upgrade Procedure (recommend)

#### Tools:

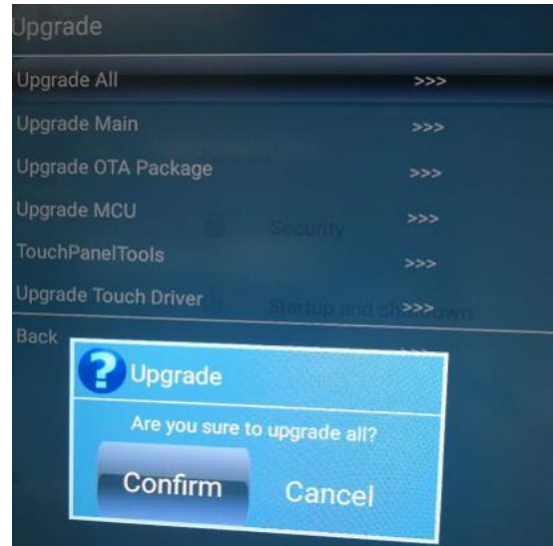

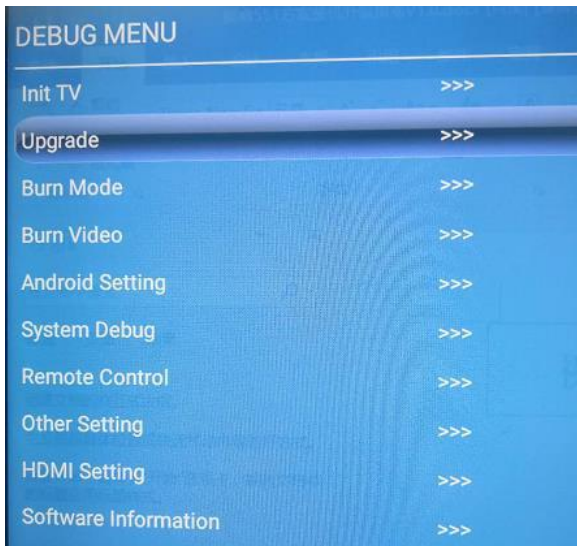

1. USB disk (SanDisk, Format FAT32) \*1PCS.
2. Remote controller \*1PCS.

#### Procedure:

1. Format the USB disk as FAT32.
2. Extract upgrade file to the U disk (FAT32) in the root directory. You will get "upgrade\_551" folder. Insert USB disk into the USB2.0 port of the TV board which is under the HDMI 2.0 port.

- Turn on the panel. Press "INPUT 1379" with remote controller, and then the debug menu will pop up. Select Upgrade-> Upgrade All, press "Enter", and confirm.

- The power LED will keep twinkle in red and blue during upgrade process. After finished, the panel will reboot and enter Android channel. It will take 3 minutes to complete the upgrade procedure.
